How to EZfare

1

Set up your account! Go to https://ezfare.justride.tickets/login or download the EZfare app.

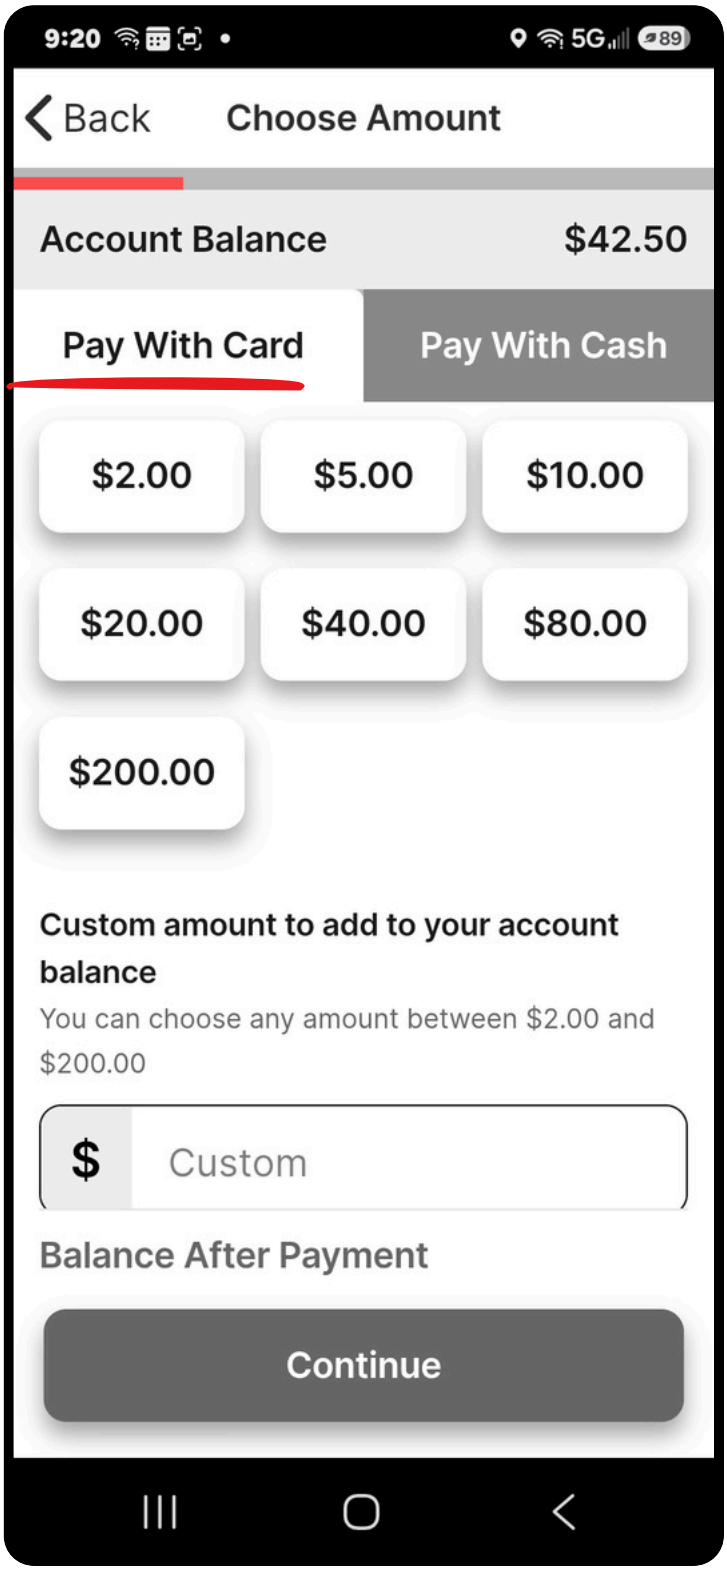

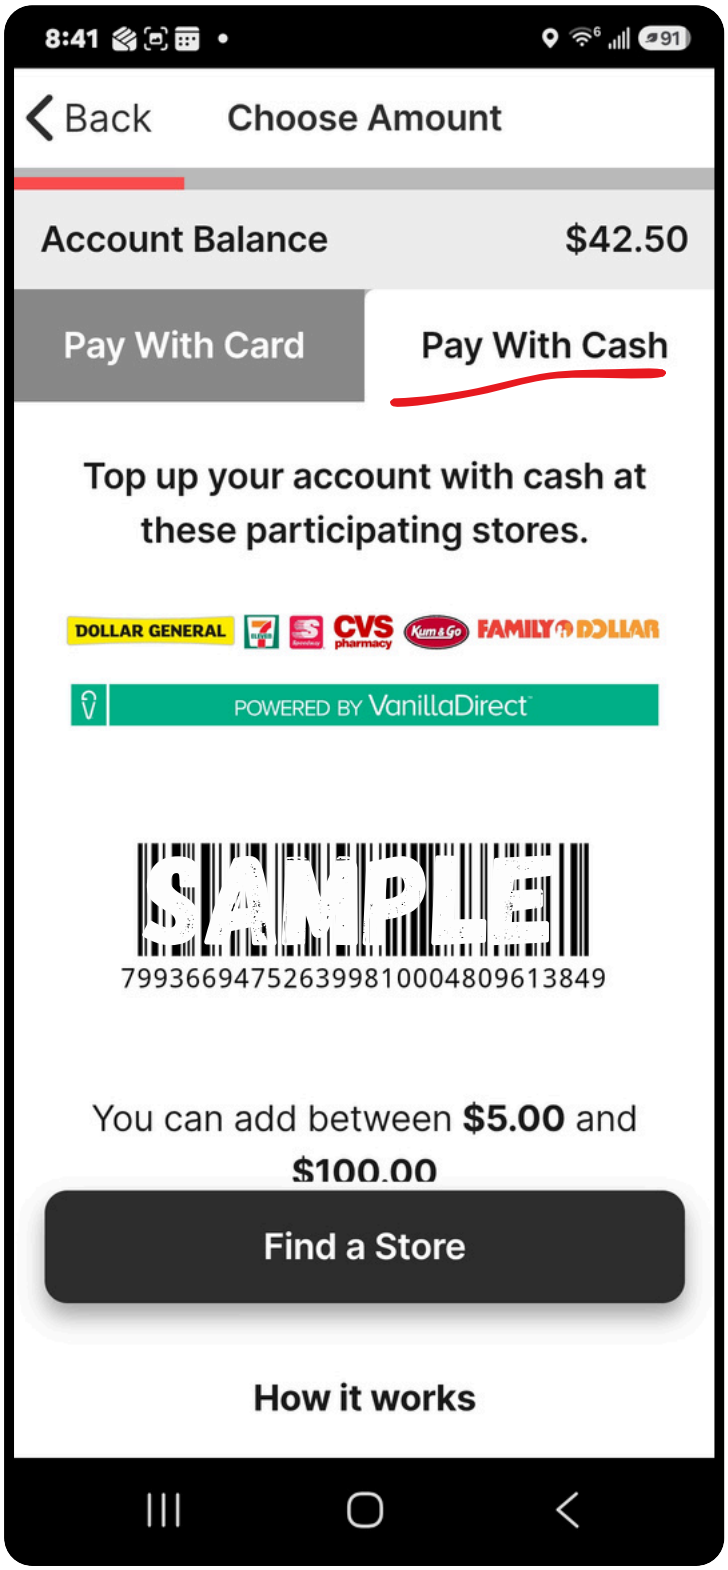

*** Ignore the "Buy BATA Tickets" option unless you want to purchase single ride tickets. Work from Tap & Ride.**

2 Add Funds

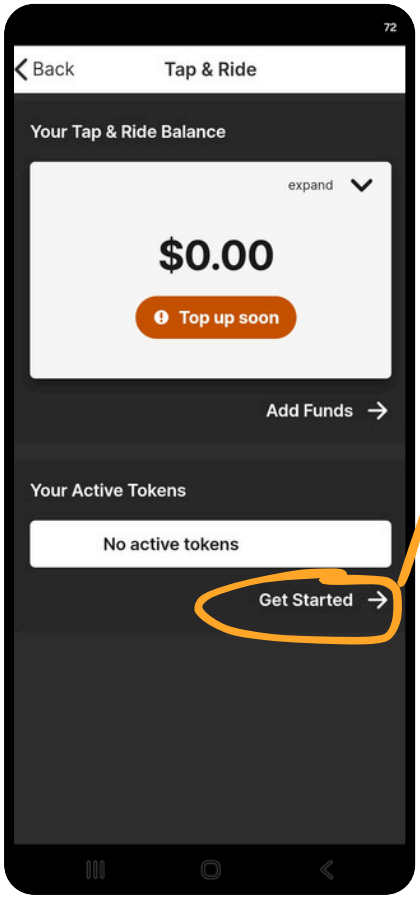

Add funds to your Tap & Ride with a credit card or by adding cash at participating retailers with the bar code provided on your app or on the back of your Smart Card.

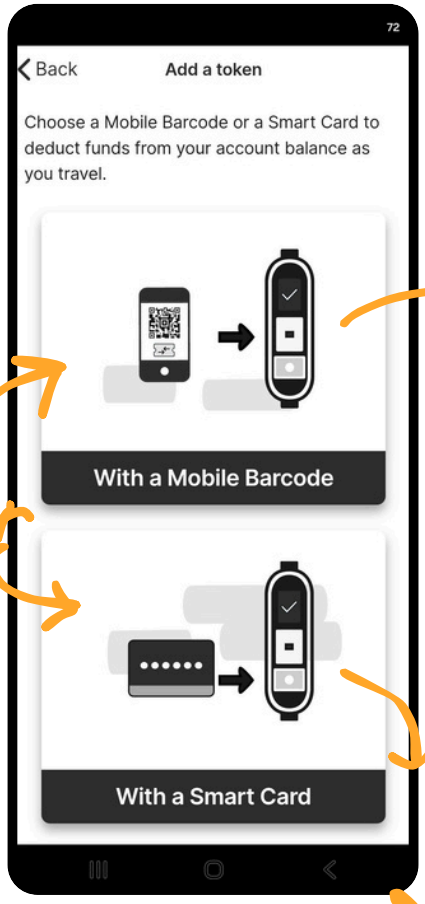

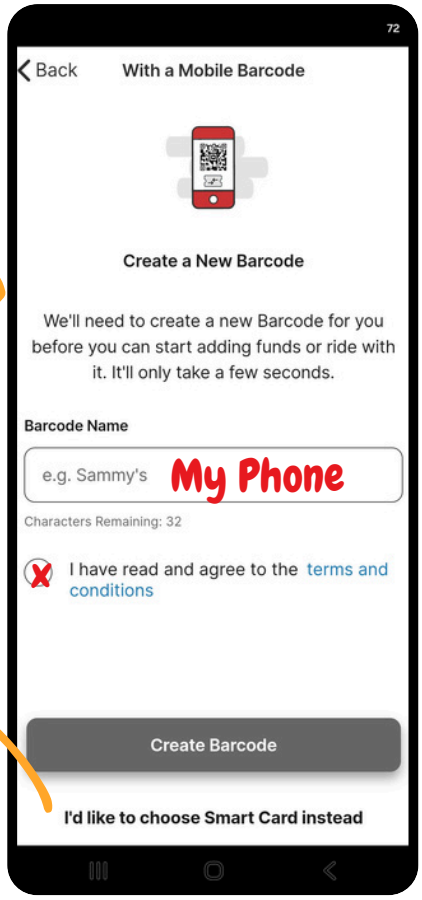

3 Add a Travel Token

A travel token is what you use to tap on the bus to pay. You can set up your mobile device or a BATA Ezfare card. You may also have a primary user on using a mobile device as a travel token and secondary users with Smart Cards as their travel tokens. This is a good option for families with young children.

Enter Your Smart Card Number and a Name

You may register your smart card below. Additional smart cards are available by contacting your local transit agency. Note that if there are funds on the card that you are registering, those funds will be reflected in your overall account balance. You may register multiple smart cards to your account and share the account payment method.

Smart Card Number
This is the first 10 digits of the number found on the bottom left of the back of your Smart Card.
